ACCESSORIES

This is a commercial grade oven with rack holders on each side of the inside of the oven. With the long side parallel to the door slide the metal tray into one of the rack positions. Be sure the tray slides into the same position on each side of the oven so it is level.

METAL TRAY: Place food or cookware on tray and slide into either lower, middle or upper shelf.

GRILL RACK: Place food or cookware on rack. Always place on the metal tray.

IMPORTANT: Place the metal tray in one of the three shelf positions when cooking. Do NOT place anything directly on the bottom of the oven during operation.
